

Tenure-Track Faculty Positions– The Institute of Biological Chemistry, Academia Sinica, Taiwan

The Institute of Biological Chemistry, Academia Sinica, is seeking highly qualified candidates to fill positions at the Assistant Professor/Assistant Research Fellow (or higher) level. Candidates in all areas that would complement or strengthen the current topics in the Institute, including molecular and cellular biology, proteomics and genomics, chemical biology, structural biology and molecular biophysics, will be considered. Applicants should have a Ph.D. degree, relevant postdoctoral experience, and an outstanding record of research accomplishments. The successful candidates will be required to participate in research and in teaching biochemistry-related courses at undergraduate and graduate levels, will receive a generous start-up fund and annual intramural support, and will have full access to all the resources at the Institute of Biological Chemistry, Academia Sinica (<http://www.ibt.sinica.edu.tw/>) and the Institute of Biochemical Sciences, National Taiwan University (<http://homepage.ntu.edu.tw/~ibs/index.htm>). English is the language for most of the lectures at the Institute, and proficiency in Chinese language is not a prerequisite for application.

Applicants should send their Curriculum Vitae, a description of past research accomplishments and future research interests and three letters of reference (pdf files) to:

Recruitment Committee
c/o Ms Sunny Shih
Institute of Biological Chemistry
128 Academia Road sec. 2, Nankang,
Taipei 11529, Taiwan
e-mail: yujushih@gate.sinica.edu.tw

All applications received before Jan 31, 2011 will be considered, but the search process will start immediately and continue until the positions are filled.
