

國立臺灣大學

腦與心智科學研究所

Graduate Institute of Brain and Mind Sciences,
National Taiwan University

Director Position Open

The College of Medicine at the National Taiwan University is seeking a visionary Director to chair the Graduate Institute of Brain and Mind Sciences (GIBMS) for academic and research initiatives. We seek candidates with strong leadership ability to facilitate faculty development, and to integrate various disciplines to build-up research momentum in the well-equipped GIBMS for excellence. For further information, please refer to <http://gibms.mc.ntu.edu.tw/>.

The successful candidate will have demonstrated evidence of scholarly achievement, an established record of acquiring research funding, and teaching excellence. Interested candidates should submit by 24 October, 2011

1. a current curriculum vita (including a complete list of publications)
2. a photocopy of Ph.D or M.D. diploma,
3. representative papers published in recent 5 years
4. a cover letter describing the current and future research and teaching plans, plus the strategic measures for the development of GIBMS, and
5. names and contact information of three references

via **email** (ntugibms@ntu.edu.tw) and by **post** to

Professor Hai-Gwo Hwu
Search Committee Chair
Graduate Institute of Brain and Mind Sciences
College of Medicine
National Taiwan University
1 Ren-Ai Rd. Taipei, Taiwan (R.O.C.) 10051

In addition, the three reference letters should be sent **by post**, directly from the referees listed to the Search Committee Chair.
